Harshdeep Kaur

Junior Web Designer & Developer

Portugal | harshdeep1302@gmail.com | GitHub: https://github.com/Kaur453 | LinkedIn: https://www.linkedin.com/in/harshdeep-kaur

PROFESSIONAL SUMMARY

Entry-level web designer and developer with a Master of Computer Applications (MCA) and 6 months of PHP training. Hands-on experience building responsive websites and web applications using HTML, CSS, JavaScript and PHP. Developed practical projects including a food ordering website, airline ticket reservation system, beauty salon website and movie booking website. Seeking a junior web design/development opportunity in Portugal where I can contribute, learn and grow.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, Responsive Web Design

Backend: PHP

Database: SQL

Tools: Git, GitHub, VS Code, XAMPP

Web Development: Forms, validation, localStorage, PHP sessions, basic deployment

PROJECTS

Foodie — Food Ordering Website | *HTML, CSS, JavaScript*

- Built a responsive food ordering website with menu items, shopping cart and checkout flow.
- Implemented cart functionality and stored cart data using browser localStorage.
- Published the project using GitHub Pages.

Airline Ticket Reservation | *PHP, HTML, CSS, XAMPP*

- Developed a practice airline reservation workflow with flight search, flight selection and passenger details.
- Implemented booking confirmation using PHP sessions without requiring a MySQL database.
- Tested the application locally using XAMPP and Apache.

Beauty Salon Website | *HTML, CSS, JavaScript*

- Created a responsive salon website with services, pricing, testimonials, appointment form and contact sections.
- Added mobile navigation, animations and client-side form validation.
- Designed the site to provide a clean and professional user experience across screen sizes.

CineBook — Movie Booking Website | *HTML, CSS, JavaScript*

- Built an interactive cinema website with movie search, genre filters and movie details.
- Added showtime selection, interactive seat booking and automatic ticket-price calculation.
- Used localStorage to retain booking information and created a responsive mobile layout.

EDUCATION & TRAINING

Master of Computer Applications (MCA) | 2018

PHP Training | 6 months

ADDITIONAL INFORMATION

- Based in Portugal and interested in junior web design/development opportunities, including remote roles.
- Portfolio projects and source code available through GitHub.
